Issue of

EUR 30,000,000 Autocallable Index-linked Notes due April 2036

PART A - CONTRACTUAL TERMS

This document constitutes the Final Terms relating to the issue of the Tranche of Notes described herein. Terms used herein shall be deemed to be defined as such for the purposes of the terms and conditions of the Notes (the "**Conditions**") set forth under the heading "*Terms and Conditions of the French Law Notes*" in the Base Prospectus dated 26 June 2025 in relation to the above Programme, together with each supplemental prospectus relating to the Programme published by the Issuer after 26 June 2025 but before the issue date or listing date of the Notes, whichever is later, to which these Final Terms relate which together constitute a base prospectus ("**Prospectus**") for the purposes of the Prospectus Regulation (EU) 2017/1129 (as amended, the "**EU Prospectus Regulation**"). This document constitutes the Final Terms of the Notes described herein for the purposes of the EU Prospectus Regulation and must be read in conjunction with such Prospectus. However, a summary of the issue of the Notes is annexed to these Final Terms. The Alternative French Law Conditions will not apply to the Notes.

Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Prospectus. The Prospectus is available for viewing during normal business hours at HSBC Continental Europe, 38, avenue Kléber, 75116, Paris, France and www.about.hsbc.fr/investor-relations/debt-issuance.

PROHIBITION OF SALES TO SWISS PRIVATE CLIENTS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to investors that qualify as private (retail) clients according to Article 4 para. 2 Swiss Financial Services Act ("**FinSA**") and its implementing ordinance, the Swiss Federal Financial Services Ordinance ("**FinSO**"). Consequently, no key information document (or equivalent document) required by FinSA has been prepared and therefore offering or selling the Notes or otherwise making them available to any private (retail) client in, into or from Switzerland may be unlawful under FinSA.

What are the key risks that are specific to the Issuer?

Macroeconomic and geopolitical risks: economic, market and geopolitical conditions may adversely affect the results of HSBC Continental Europe. In addition, market fluctuations may reduce HSBC Continental Europe's income or the value of its portfolios. HSBC Continental Europe could lose access to its sources of liquidity and funding, which are essential to its activity. HSBC Continental Europe is subject to financial and non-financial risks associated with environmental, social and governance risks.

Prudential, regulatory and legal risks to HSBC's business model: HSBC Continental Europe is subject to numerous legislative or regulatory requirements as well as developments and changes in the policies of regulators or governments and it may not comply with all of them.

Operational risks: HSBC Continental Europe remains exposed to a wide range of cyber security risks which are facilitated by the use of technology. The activities of HSBC Continental Europe are largely dependent on its information system. In addition, HSBC Continental Europe could incur losses or be required to hold additional capital due to limitations or weaknesses in its models. HSBC Continental Europe's activities also rely on external and internal suppliers and service providers who may be exposed to risks that HSBC Continental Europe may be a challenge to manage.

Risks related to governance and internal control: The conduct of strategic actions of HSBC Continental Europe is exposed to an execution risk which could affect the expected benefits of their strategic initiatives. In addition, HSBC Continental Europe's data management and data privacy controls must be robust enough to support increasing data volumes and changing regulations. Third parties could use HSBC Continental Europe to carry out illegal activities without its knowledge.

Risks related to the activity: Risks related to the quality of borrowers' credits are intrinsic to the activity of HSBC Continental Europe. HSBC Continental Europe is exposed to a risk of attrition and retention of skills. In addition, HSBC Continental Europe has significant exposure to counterparty risk. Finally, HSBC Continental Europe are exposed to insurance lapse risk and changes in customer behaviour relating to its insurance products.

Financial statement risks: The preparation of HSBC Continental Europe's financial statements is based on judgments, estimates and assumptions subject to uncertainty

- (c) *Redemption Amounts.* Payments of principal in respect of Notes will in all cases be calculated by reference to the percentage change in value of the Underlying. Holders of the Notes ("**Noteholders**") will be entitled upon redemption of the Notes on their stated maturity to a "**Final Redemption Amount**" or (as "Autocall Event" applies), if the Notes are redeemed prior to their stated maturity in the circumstances described below, an "**Autocall Amount**".

The Final Redemption Amount will be an amount per Note equal to the denomination of the Note *multiplied by*:

- (A) If the Final Performance is greater than or equal to the Return Threshold, the sum of (x) 100 per cent. and (y) the Digital Rate;
- (B) If the Final Performance is less than the Return Threshold and:
- (1) a Barrier Event has not occurred, the Conditional Protection; or
 - (2) a Barrier Event has occurred, the Final Performance.

In addition, as "Autocall Event" applies, the Notes may be redeemed on an Autocall Redemption Date if, on the relevant Autocall Valuation Date, the Reference Performance is greater than or equal to the relevant Autocall Level specified below (an "**Autocall Event**"). In such circumstances the Noteholder would be entitled to an "**Autocall Amount**", being a cash amount equal to the denomination of the Note *multiplied by* the relevant Autocall Rate specified below.

For these purposes:

In respect of each "**Autocall Valuation Date**", the "**Autocall Level**", "**Autocall Rate**" and "**Autocall Redemption Date**" shall be as specified in relation to such Autocall Valuation Date in the table below.

Autocall Valuation Date(s)	Autocall Level(s)	Autocall Redemption Date(s)	Autocall Rate(s)

27 March 2036	30.00 per cent.	03 April 2036	200.00 per cent.

a "**Barrier Event**" will be deemed to have occurred if the Final Performance is less than the Barrier Level.

"**Barrier Level**" means 30.00 per cent.

"**Conditional Protection**" means 100.00 per cent.

"**Digital Rate**" means 100.00 per cent.

"**Final Performance**" means the Reference Performance determined in respect of 27 March 2036 (the "**Final Valuation Date**").

"**Initial Value**" means, in respect of an Underlying, the lowest closing level of such Underlying over the Observation Dates.

"**Observation Dates**" means each of the following dates: 19 December 2025 and 27 March 2026.

"**Reference Performance**" means, in respect of an Autocall Valuation Date or the Final Valuation Date (as applicable), the Underlying Performance of the Underlying determined in respect of such date.

"Reference Value" means, in respect of an Underlying and an Autocall Valuation Date or the Final Valuation Date, the closing level of such Underlying on such date.

"Return Threshold" means 30.00 per cent.

"Underlying Performance" means, in respect of an Underlying and an Autocall Valuation Date or the Final Valuation Date (as applicable), a percentage equal to (x) the Reference Value of such Underlying determined in respect of such date *divided by* (y) its Initial Value.

If any valuation date is a not scheduled trading day, such date shall be the next following scheduled trading day. If any date for payment or redemption is not a business day, such date shall be the next following business day.

- (d) The Notes are tranche 1 and will be in bearer dematerialised form (*au porteur*). The Notes will be cleared and settled through Euroclear France. The *masse* representative (the **"Representative"**) for the Notes will be DIIS Group. The ISIN of the Notes is FR0014015AI5.
- (e) The settlement currency of the Notes is Euro (**"EUR"**) (the **"Settlement Currency"**). The aggregate principal amount of the Notes to be issued is EUR 30,000,000. The denomination (or principal amount) per Note is EUR 1,000 (the **"Denomination"**). The maturity date of the Notes is 03 April 2036.
- (f) Rights attaching to the Notes:

Early redemption for illegality - If the calculation agent determines that the performance of the Issuer's obligations has become unlawful or impracticable in whole or in part for any reason, the Issuer may redeem all but not some only of the Notes prior to their stated maturity and pay the relevant Noteholder an amount per Note equal to the fair market value of such Note.

Early redemption for taxation reasons - If the Issuer were required under the terms and conditions of the Notes (the **"Conditions"**) to pay additional amounts in respect of tax, the Issuer may redeem all but not some only of the Notes prior to their stated maturity and pay the relevant Noteholder an amount per Note equal to the fair market value of such Note.

Early Redemption for Additional Disruption Events, Index Cancellation or Benchmark Trigger Event – If a change in law, hedging disruption or increased cost of hedging occurs (each an **"Additional Disruption Event"**), certain events occur in relation to an Underlying (including its suspension or cancellation) (an **"Index Cancellation"**) or an event or circumstance which has the effect that the Issuer or the calculation agent is not, or will not be, permitted under any applicable law or regulation to use any applicable benchmark to perform its or their obligations under the Notes (a **"Benchmark Trigger Event"**) the Issuer may redeem all but not some only of the Notes prior to their stated maturity and pay the relevant Noteholder an amount per Note equal to the fair market value of such Note.

Events of default of the Notes - The following events constitute events of default (each, an **"Event of Default"**) under the Notes and would entitle the Representative to accelerate the Notes: (i) the Issuer fails to remedy a default in the repayment of any principal (or delivery of any asset(s) or payment of any residual cash amount) due on the Notes within 14 days of notice of such default having been given to the Principal Paying Agent by the Representative, provided that the reason for non-payment is not compliance with any fiscal or other law or regulation or court order, or that there is doubt as to the validity of such law, regulation or order in accordance with independent legal advice from advisers which is acceptable to BNP Paribas, acting in its capacity as principal paying agent (the **"Principal Paying Agent"**); or (ii) the passing of a winding-up order in relation to the Issuer.

Representation of the holders of the Notes and Meetings of Noteholders – The Masse will be governed by the provisions of the French *Code de Commerce*. In particular, the French *Code de Commerce* contains provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Taxation - All payments by the Issuer of any amount in respect of the Notes will be made without deduction of any taxes, duties and other similar charges, as are imposed or levied by or on behalf of France, unless the Issuer is required by law to withhold or deduct, any such taxes. In the event that the Issuer is so required by law to withhold or deduct the Issuer will, subject to certain exceptions as outlined in the Conditions, pay such additional amounts as may be necessary in order that the net amounts received by the Noteholders after such withholding or deduction shall equal the respective amounts which would have been receivable in respect of the Notes in the absence of such withholding or deduction.

Governing Law – The Notes will be governed by French law.

- (g) The Notes will be direct, unconditional, senior preferred and unsecured obligations of the Issuer and will rank equally and without preference among themselves and, at their date of issue, with all other unsecured and unsubordinated obligations of the Issuer (unless preferred by law). Please note that as a result of the exercise of the bail-in power by the competent resolution authority, the amount of outstanding Notes may in particular be reduced (in whole or in part), converted into shares (in whole or in part) or cancelled and/or the maturity of the Notes can be changed.
- (h) The Notes are freely transferable. However, there are restrictions on the offer and sale of the Notes. The Issuer and HSBC Continental Europe, 38 avenue Kléber, 75116 Paris (the "**Dealer**") have agreed restrictions on the offer, sale and delivery of the Notes and on distribution of offering materials, including, without limitation, in the European Economic Area (including, amongst others, France and the Republic of Ireland), Switzerland, the United Kingdom and the United States of America.

In addition, Noteholders, by their purchase of the Notes, will be deemed to have given certain representations, warranties, undertakings, acknowledgements and agreements.

- (i) Where will the Notes be traded?

Application will be made to admit the Notes to the Official List of Euronext Dublin and admitted to trading on the regulated market of Euronext Dublin.

- (j) What are the key risks specific to the Notes?

The Notes are direct, unconditional, senior preferred and unsecured obligations of the Issuer and not of any other person. If the Issuer's financial position were to deteriorate, there could be a risk that the Issuer would not be able to meet its obligations under the Notes (the Issuer's credit risk), and Noteholders would not be able to enforce security as a method of recouping payments due under the Note. In such worst-case scenario Noteholders would lose all of their invested amount.

Risks relating to the "decrement" feature. The value of, and return on, the Notes is linked to an Underlying which is a "total return index" with a "decrement" feature. Dividends paid by the constituent shares in the Underlying are re-invested in the Underlying, which then makes a fractional deduction to the relevant Underlying on a daily basis, equivalent to the removal of a pre-defined annual dividend (a "**Synthetic Dividend**"). The Synthetic Dividend is defined as a fixed number of index points. A number of factors may adversely affect the value of, and return on, the Notes linked to a "decrement" index. An index with a "decrement" feature typically:

- (i) may underperform an equivalent "total return index" with the same underlying components as the latter may not reflect the deduction of a Synthetic Dividend;
- (ii) may underperform a "price return index" with the same components if the aggregate dividends paid by the underlying components is less than the Synthetic Dividend;
- (iii) as the Synthetic Dividend is a fixed number of index points (rather than a percentage of the relevant Underlying), the Synthetic Dividend yield (i.e. the ratio of the fixed index point decrement to the decrement index level) may increase in a falling market as the Synthetic Dividend is a fixed amount. In that case, the fixed deduction may have a greater negative impact on the relevant index level than if the Synthetic Dividend were a percentage of such index level. In a steeply falling market, the Underlying level could become negative depending on the applicable index methodology.

The Notes are not ordinary debt securities and Noteholders are exposed to the risks relating to an Underlying. Depending on the performance of an Underlying as well as certain other factors (including changes in currency exchange rates, changes in interest rates, time remaining to redemption, economic and market conditions, dividend rates on the component securities of an Underlying), Noteholders, upon redemption, may receive less than the amount invested or nothing. Past performance of an Underlying is not indicative of its future performance and no investigation has been made of the financial condition of any issuer of the component securities of any Underlying.

There may be no active trading market or secondary market liquidity for the Notes and the secondary value of Notes may depend on a number of factors. It is not possible to predict whether any trading market for the Notes will develop or, if it does, the price at which Notes will trade in the secondary market or whether such market will be liquid or illiquid. The value of Notes prior to maturity is expected to depend on a number of factors including, without limitation: (i) the financial condition and funding costs of the Issuer; (ii) the value, volatility and liquidity of an Underlying; (iii) the time remaining to maturity; (iv) any change(s) in interest rates and dividend yields and inflation rates; (v) any change(s) in currency exchange rates; (vi) economic and market conditions and (vii) any related transaction costs. As a result of these factors the price at which a Noteholder will be able to sell Notes prior to maturity may be less

than the initial amount invested. Each of these factors interrelate in complex ways (for example, one factor may offset an increase in the value of the Notes caused by another).

An investment in the Notes is not equivalent to an investment in the component securities of an Underlying. Ownership of the Notes does not confer any legal or beneficial interest or any voting or dividend rights in the component securities of an Underlying and the value of the Notes may not exactly correlate with the level of an Underlying.

Disruption Events. Upon the occurrence of certain events (including an early closure of the relevant exchange, disruption of such exchange or suspension of trading on such exchange, an Additional Disruption Event, an Index Cancellation or modification or disruption in the publication of an Index, certain events relating to the administrator(s) of an Index and/or certain events affecting the settlement currency), valuations of an Index may be subject to postponement or adjustment or the terms of the Notes may be subject to adjustment and/or (in certain circumstances) Notes may be subject to early redemption. Any such postponement, adjustment or early redemption may have an adverse effect on the value of such Notes and/or the amount payable to the Noteholder under the Notes on redemption (as applicable). As a result, Noteholders may suffer a loss of some or all of their investments.

Illegality or changes in tax law may cause the Notes to be redeemed early. In such circumstances, the Issuer may pay a sum representing the fair market value of the Notes. As a result, holders of Notes will forgo any future appreciation in an Underlying and may suffer a loss of some or all of their investments.

Commission, cost of hedging and taxes may be borne by Noteholders. The issue price of the Notes may include fees, commission and hedging costs. Accordingly, there is a risk that, upon issue the price of Notes in the secondary market (if any) would be lower than the original issue price of the Notes. Payments under the Notes may be decreased to take into account the effect of taxes, duties or other similar charges and Noteholders will bear the cost of all taxes, duties or other similar charges payable in connection with the subscription, purchase or holding of such Note and any payments under the Notes (in each case including any taxes or duties imposed or increased by a change of tax law or practice).

SECTION D – KEY INFORMATION ON THE OFFER AND/OR THE ADMISSION TO TRADING ON A REGULATED MARKET

Under which conditions and timetable can I invest in the Notes?

The Prospectus has been prepared solely in connection with the admission of Notes to trading on a regulated market pursuant to the EU Prospectus Regulation. There will be no public offer of the Notes.

Application will be made by the Issuer for the Notes to be admitted to trading on the regulated market of Euronext Dublin. No assurance can be given as to whether or not, or when, such application will be granted. The expense of listing is EUR 1,000. Expenses in respect of the listing of Notes are not charged directly by the Issuer or Dealer to the Noteholder.

Why is this Prospectus being produced?

The Prospectus has been prepared solely in connection with the admission of Notes to trading on a regulated market pursuant to the EU Prospectus Regulation.

Use and Estimated net Amount of Proceeds: The estimated net amount of proceeds from the issue of Notes will be EUR 30,000,000 less any re-offer spread or distribution fee (as described below). The net proceeds will be used by the Issuer for profit making or risk hedging purposes.

Underwriting Agreement on a Firm Commitment Basis: The offer of Notes is not subject to an underwriting agreement on a firm commitment basis.

Conflicts of Interest: The Issuer and/or its affiliates may enter into hedging or other transactions (i) relating to an Underlying or component securities of an Underlying or (ii) with issuers of component securities of an Underlying. The Issuer or its affiliates may also publish research or other reports relating to an Underlying or component securities of an Underlying. Any such activities may have a positive or negative effect on the value of Notes relating to such Underlying. In undertaking any such activities, neither the Issuer nor any affiliate of the Issuer is under any obligation to consider the interests of the Noteholders. In addition, the Issuer may assume roles as hedging counterparty or calculation agent under the Notes. In respect of any of these roles the Issuer may have interests that conflict with the interests of Noteholders. (a) The Notes may be on-sold by the Dealer and/or its affiliates to a distributor(s) at a discount which will be retained by such distributor(s) (the "**re-offer spread**") or (b) the Dealer and/or its affiliates may, in connection with the Notes, pay to a distributor(s) a fee (the "**distribution fee**"), in each case of up to 9.00 per cent. of the issue price.
